

The  
Carolina  
Center

For Behavioral Health

*Community Resource Directory*

The Carolina Center for Behavioral Health offers high quality psychiatric and substance use disorder treatment for adolescents, adults and senior adults in a safe, tranquil setting. Centrally located between Greenville and Spartanburg, our interdisciplinary treatment teams are led by psychiatrists and include therapists, counselors, nurses and mental health technicians. When a patient is ready to return to life outside of the hospital, we work closely with other community care providers to coordinate a smooth transition. From assessment to discharge, our primary focus is on the needs of the patient and giving him or her the tools needed for continued recovery and a sense of hope.
